JRF/SRF/RA FOR CSIR PROJECT OF PROF. MINATI BARAL

The CSIR, New Delhi has awarded a major research project entitled, "**Design, Computational Modeling and Synthesis of some Novel Biomimetic Siderophore Analogs and Study of Their Binding Properties with Trivalent Iron Metal**", to Dr. Minati Baral, Professor of Chemistry. The project is for three years duration (2009-2012) with a provision of **only one** research position of JRF or SRF or RA.

Applications are invited for the position of JRF or SRF or RA (**only one**). Depending on the qualifications, eligibility and experience, the candidate may be offered position of JRF or SRF or RA.

Eligibility:

JRF: Master's degree in Chemistry with at least 55% marks and must be NET (JRF or LS) qualified. GATE qualified candidates are also eligible.

SRF: Master's degree in Chemistry with at least 55% marks and at least two years post-M.Sc. research experience, as evidenced from published papers in standard refereed journals.

RA: Ph.D. in Chemistry and Master's degree in Chemistry with at least 55% marks.

Fellowship (Consolidated) per month:

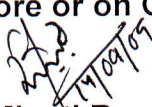

JRF: Rs.12,000/-

SRF: Rs.14,000/-

RA: Rs.16,000/-

(HRA as per rule)

Interested candidates may submit/send their applications by post (or through e-mail to minatib@gmail.com as advance copy) on plain paper along with CV and self attested copies of the certificates/testimonials before or on October 05, 2009 by 5.00 P.M. to the undersigned.
