

To be addressed to :

Dr. (Mrs.) Ratna Dahiya

Electrical Engg. Deptt.

National Institute of Technology

Kurukshetra-136 119

E-Mail : ratna_dahiya@yahoo.co.in

Tel. : 01744-233378 (O), 01744-238130 (R)

Mob. : 09896848509

Patron **Dr. M.N. Bandhyopadhyay**
Director
National Institute of Technology
Kurukshetra

ORGANIZING COMMITTEE

Convener **Dr. A. Swaroop**
Co-ordinator TEQIP
Chairman Electrical Engg. Deptt.

Co-ordinator **Dr. (Mrs.) Ratna Dahiya**
Department of Electrical Engineering

Members **Dr. P.J. Philip**
Department of Management

Dr. Baldev Setia
Department of Civil Engineering

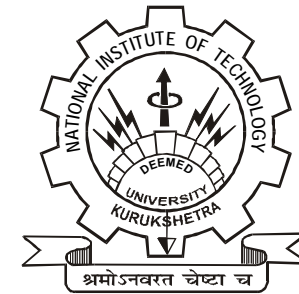

Dr. Brahmjeet
Department of Electronics &
Communication Engineering

Dr. Pankaj Chandna
Deptt. of Mechanical Engineering

Workshop on

Future career avenues in Engineering & Technology

December 20-21, 2007

Patron

Dr. M.N. Bandyopadhyay

Co-ordinator

Dr. (Mrs.) Ratna Dahiya

Sponsored by

TEQIP

Organized by

**Department of Electrical Engineering
NATIONAL INSTITUTE OF TECHNOLOGY
KURUKSHETRA**

MOTIVATION

Today, a large number of students opt for the engineering profession. It becomes imperative that these students make an informed choice regarding the career options available to them. School children, and even their teachers and parents acting as their guides, often remain confused when faced with this decision. The field of Engineering & Technology is undergoing rapid changes, throwing up new areas of specialization and thereby, opening up several avenues for aspiring engineers.

There is, therefore, a compelling need for counselling in this regard. NIT Kurukshetra, one of the premier institute of Engineering in the region, is taking on initiative in this direction through this workshop. Providing an indepth knowldge of the different choices available within the engineering field is the primary objective of this workshop.

OBJECTIVES

To create awarness about

- ✓ Various disciplines in engineering
- ✓ Career opportunities available
- ✓ Avenues for higher education

AREAS UNDER DISCUSSION

- ✓ Electrical Engineering
- ✓ Electronics and communication
- ✓ Mechanical Engineering
- ✓ Industrial Engineering
- ✓ Information Technology
- ✓ Civil Engineering
- ✓ Computer Engineering
- ✓ Nanotechnology
- ✓ Management

TARGET AUDIENCE

Principal, Science Faculty of schools, students of 11th & 12th standard and parents of student appearing in engineering competitions.

REGISTRATION

Those who wish to attend may fill up the Registration Form and send it to the given address by email or post by December 10, 2007.
