## ABOUT NIT KURUKSHETRA

National Institute of Technology Kurukshetra, Haryana (founded a Regional Engineering College, Kurukshetra) is a premier Technical Institute of the region. Since 1963, like other Regional Engineering Colleges of India this institution too, had been a joint enterprise of the State and Central Governments. This Institute was conferred upon status of Deemed University on June 26, 2002. Since then it has been renamed as National Institute of Technology, Kurukshetra (Deemed University). In addition to providing instructions in various disciplines of Engineering and Technology at the Undergraduate and Postgraduate level, the Institute offers excellent facilities for advanced research in the emerging areas of Science and Technology.

**KURUKSHETRA (HARYANA)**

## SERVER SIDE PROGRAMMING AN OVERVIEW

In the fast moving and demanding world of information technology and e-commerce, the applications must be designed, produced and built for less money, with high speed and fewer resources than ever before. These applications should leverage the speed, security and reliability of server-side technology and are often called Enterprise applications. Enterprise applications are designed, developed, assembled and deployed using a component based approach. The present course is framed to design enterprise applications using two leading server side technologies Java EE5 and .NET framework. The course contents are as:

- Model/View/Controller Architecture
- Java EE 5
- .NET Framework
- Application development and deployment on Enterprise servers

### ORGANIZING COMMITTEE

Patron  
**Dr. M. N. Bandyopadhyay, Director**

Advisor  
**Dr. A. Swarup, Coordinator, TEQIP**

Coordinator  
**Dr. J. S. Lather**

Organizing Secretary  
**Dr. Lillie Dewan**

Organizing Members  
**Prof. R. S. Bhatia**

**Prof. Mahesh Gupta**

**Prof. V. P. Singh**

**Prof. S. Chanana**

**Prof. Anil Dahiya**
